USD Bank Transfers to CCSE

Updated: Oct 30, 2018

Payment information may be changed from time to time, please consult us for latest information before making a bank transfer.

Although CCSE prefers PayPal for monetary transactions, our editorial assistants will provide customers with bank- or wire-transfer information when customers have no other choice.

Our reason for this stipulation is that verifying bank transactions is quite time-consuming because reference information may be lost during the bank processing, requiring extra attention. Failure to provide a clear copy of the bank's remittance receipt causes further delay in the process. Besides being time-consuming, banks require remitters to pay a **costly service fee** for wire transfers, and remitting from banks in countries outside Canada and the US require us to pay costly service fees.

If you still wish to make payment via wire transfer, please provide the information below to the bank making the transfer, keeping in mind that incorrect information could lead to a failure of transfer.

In addition, remitters **MUST** scan and e-mail the bank remittance receipt to our editorial assistant when payment has been made.

>> Remitters outside Canada (US dollars only)

Please note: We accept **USD only** for international bank transfers. The remitters **MUST** add an **extra \$40.00USD** per transaction for bank charges (intermediary and local banks).
